

Nedtælling til Trumps besøg i Kina: Ny Silkevej, ikke geopolitik. LaRouche PAC Internationale Webcast, 13. okt. 2017

Vært Matthew Ogden: Som titlen på vores webcast, »Nedtælling til Trumps besøg i Kina: Ny Silkevej, ikke geopolitik«, antyder, så befinder vi os i en nedtælling til en begivenhed, der kunne vise sig at blive et vendepunkt i verdenshistorien; hvis vi gør vores job rigtigt. Om 21 dage, nøjagtig 3 uger fra i dag, vil præsident Trump tage af sted på sit første statsbesøg til Kina; som finder sted i forbindelse med en rundrejse til andre asiatiske lande og Trumps deltagelse i ASEAN-topmødet. Alt imens en stor del af mediefokus har været på Nordkorea, så er de virkelige nyheder, at der foreligger en meget klar mulighed for, at præsident Trump under sit besøg med Xi Jinping kunne bruge denne mulighed til at signalere, at USA er villig til at tilslutte sig Kinas store projekt for Bælte & Vej Initiativet. Selv om præsident Trump tydeligvis fremstillede et billede af sig selv under valgkampen som værende anti-Kina, sandsynligvis under indflydelse af pseudo-højrefløjs-populistiske Kina-angribere som Steve Bannon og andre, så peger præsident Trumps handlinger under sin embedstid på et helt andet billede. Under præsident Xi Jinpings statsbesøg i USA – det såkaldte Mar-a-Lago-topmøde – udviklede han og præsident Trump en meget varm, særlig, personlig relation. Og det var ud af denne konstruktive relation med præsident Trump, at denne gav sit samtykke til præsident Xi Jinpings anmodning om, at der blev sendt officiel amerikansk repræsentation til Bælte & Vej Forum; det

storslåede, internationale Silkevejstopmøde, der fandt sted i maj i år (i Beijing). Dette fulgte præsident Trump op på og sendte en særlig repræsentant fra Udenrigsministeriet, Matt Pottinger, som blev særligt bemærket af Kina. Og, som vi har berettet, har præsident Trump, under flere private møder med højtplacerede repræsentanter fra den kinesiske regering – inklusive med statsrådgiveren (Yang Jiechi), som er den tredjehøjst rangerende embedsmand i den kinesiske regering – indikeret sin beredvillighed til USA's tilslutning til den Nye Silkevej.

Vi ved, det haster med, at disse planer bliver til virkelighed. Det haster mht. den internationale, strategiske situation; det haster mht. USA's nationale, økonomiske situation; og det haster med endelig at afvise fortidens mislykkede geopolitik og erstatte den med hr. LaRouches økonomiske metode – som vi gennemgår hver onsdag på denne hjemmeside.[1] Vi vil fortsætte med at udvikle disse temaer. Men dette kræver et totalt skifte i tankegang, hvor vi afviser de forfejlede aksiomer med begrænsede resurser og affolkning, som er blevet tvunget ned over os; og at vi erstatter dem med en helt ny idé om økonomi, ja, faktisk hele menneskets forhold til omgivelserne og Universet, som er baseret på en idé om en til stadighed ekspanderende produktivitet i overensstemmelse med menneskets unikke, skabende natur. Dette er faktisk kernen i LaRouches økonomiske metode; og i løbet af disse kommende uger, hvor du, forhåbentlig, deltager i denne undervisningsserie i økonomi, vil du lære, at det er den sande kerne i en aksiomatisk forståelse af, hvad sande »win-win«-relationer må være baseret på.

Det er i denne sammenhæng, at det haster med, at USA tilslutter sig den Nye Silkevej. I løbet af de kommende 21 dage, hvor vi tæller ned til Trumps statsbesøg, kan jeg forsikre jer for, at dette bliver spørgsmålet; det bliver de parametre, der er i færd med at udforme verdenspolitik og verdenshistorie. Spørgsmålet om denne rejse og dens resultat

inkarnerer på en meget virkelig måde alt, som er det centrale spørgsmål i denne aktuelle krig, som nu finder sted, over selve det amerikanske præsidentskabs sjæl. Det har mange aspekter. Det omfatter ikke alene det institutionelle kup, som køres mod præsidenten indefra, men vi kan også se virkningerne fra krigsførelsen mht. informations- og mediekrigsførelse, der kommer, ikke alene fra mainstream-medierne, men fra den skændige rolle, der spilles af personer som Steve Bannon og andre, i forsøg på at tvinge Trump ind i en anti-kinesisk dagsorden. Det er vores ansvar at modgå dette og informere det amerikanske folk om, at vejen frem for USA udelukkende ligger i, at USA tilslutter sig den Nye Silkevej.

Dette spørgsmål om, hvorvidt USA afviser fortidens mislykkede, britiske geopolitik og tilslutter sig den Nye Silkevej og vedtager den nye, internationale, økonomiske orden og dette nye »win-win«-system for internationale relationer, som Kina på det seneste har været fortalere for; dette spørgsmål er faktisk på en meget virkelig måde kerneprincippet i alt det, som Lyndon og Helga LaRouche har kæmpet for i de seneste 40 år. Dette spørgsmål er selve roden i det kup, man forsøger at gennemføre imod vores siddende, lovmæssigt, behørigt valgte præsident. Lad dig ikke narre; det har intet at gøre med Trump personligt. Det har alt at gøre med det potentielle resultat af et skifte i politikken i dette land i løbet af de forestående dage, uger og måneder; med vores beslutning om, hvad vores fremtid vil være i relation til dette Nye Paradigme, dette nye, fremvoksende »win-win«-system for internationale relationer, som Kina er i færd med at opbygge omkring Bælte & Vej Initiativet.

I går beskrev Helga Zepp-LaRouche det under sit webcast; det er som med billedet af Gulliver fra Jonathan Swifts berømte *Gullivers Rejser*, hvor han bliver bundet til jorden af hundreder eller tusinder af små bitte reb af Lilliputterne, som han møder. Dette er det billede, man må have, når man forestiller sig situationen i Det Hvide Hus; med præsident

Trump, der bliver forhindret i at gennemføre nogen af de positive programinitiativer, som fik ham valgt. Infrastruktur; genopbygning af 'Rustbæltet'; genopbygning af amerikansk industri; begrænsning af Wall Street; genindførelse af Glass-Steagall. Som vi har set af dækningen af valgstrategien, så var det dette, som amerikanerne responderede til; dette er grunden til, at folk, der både var konservative og Demokrater, skiftede over og valgte denne præsident. Det var pga. disse spørgsmål, der stadig plager det amerikanske folks hverdag, men vi mangler stadig at se beslutsom handling finde sted mht. disse presserende spørgsmål for det amerikanske folk. I mellemtiden har vi den overhængende trussel om et transatlantisk finanssammenbrud, som, med hensyn til proportionerne, langt kunne overstige det, der fandt sted i 2008.

Som en erklæring, der gik ud til LaRouche PAC's mail-liste i går, korrekt sagde, så vil udfaldet af denne kamp – det, jeg netop har forklaret – med disse 21-dages nedtælling til Trumps besøg i Kina, og om vi vil lykkes med at guide dette land i retning af at tilslutte sig dette fremvoksende Nye Paradigme; udfaldet af denne kamp vil afgøre, hvad der vil ske med dette land i de næste 50, for ikke at sige 100 år. Det er en sådan historisk skillelinje, vi står ved.

Her følger resten af udskriftet på engelsk:

That statement, which I just referred to, went on to read as follows: "The British have a plan. It is the same one which they have always used: control political entities, whether it be the anti-fa on the left, or the alt-right on the right; split the country in two on issues of identity. The actual ideas and philosophical roots of this country, the great republican ideas of our founders, who built upon the revolution of the Renaissance, those actual ideas are lost in the heated wars of

fake populism.

“Look at what is missing. Puerto Rico is a disaster, as its entire infrastructure was destroyed, not by a hurricane, but by

Wall Street predators. California is in flames. Texas and Florida have not recovered from the manmade disasters which destroyed whole cities and the livelihoods of thousands. Day by

day, hundreds of our citizens, particularly in the economically

devastated formerly industrial heartland, are dying of drug overdoses. This epidemic is killing more people daily than AIDS

at the height of its devastation. Wall Street stands on the verge of another financial collapse.

“President Trump began to move on answers to all of this – overthrowing the British thinking which had come to govern us. That is at the center of the whole furor against Trump.

Lyndon

LaRouche has provided a comprehensive solution in his Four Hamiltonian Economic Laws. Implementation of these ideas will actually overthrow the swamp which is in the process of destroying this country; but only if we go all out right now.”

So that’s the kind of call to action for the next 21 days.

That spells out exactly the parameters within which this fight is

being waged.

Those of you who might now know this yet, there is a new feature from Helga Zepp-LaRouche which is being featured on the

Schiller Institute New Paradigm website every week on Thursdays,

which is an international webcast on the New Silk Road.

That’s

accessible via the Schiller Institute New Paradigm YouTube channel, but we’ve also been posting a link to that on the larouchepac.com website. This is a very important initiative

from Helga Zepp-LaRouche; and it's coming from somebody who is not merely a commentator watching events unfold as if from the outside, but somebody who is directly at the center of making history unfold around this direction of the New Silk Road. As those of you who have watched this broadcast know, Helga Zepp-LaRouche herself was personally one of the featured guests

at the Belt and Road Forum back in May in Beijing, China; speaking at several of the roundtable discussions and sideline meetings, and attending in person the main event, where she heard

President Xi Jinping's keynote along with the addresses of all of

the other heads of state who attended that conference. Helga Zepp-LaRouche was also featured in a major one-page full spread

article in *China Daily* just about one month ago, for her history in terms of her lifetime dedication to fighting for the

emergence of the new international economic order, which is now

taking its form in this New Silk Road – the Belt and Road Initiative in China.

So, what I would like to do to promote this weekly webcast that Helga Zepp-LaRouche is doing, and also to highlight some of

the very important strategic insights that she had in her webcast

that she broadcast yesterday, I would like to play just two short

clips for you from that broadcast yesterday. Here's the first one, and I'd like you to listen to her strategic overview, and also the call to action that she has at the very end of the remarks that you're about to hear now.

HELGA ZEPP-LAROUCHE: As a matter of fact, this coming trip of President Trump to Asia will be extremely

important, because this trip occurs in the context of a very dramatic strategic situation. We have all signs that a new financial crash is in the workings, and we can talk about that in

a little while. There is an alternative already in existence, which is the incredibly dynamic Belt and Road Initiative which has been initiated by China four years ago. As we already made

the point before the first summit between President Xi and President Trump in April, that the best way to solve the strategic situation is if you could get the United States and China to work together in the Belt and Road Initiative. That would mean Chinese investments in infrastructure in the United States, which is starting slowly. There is very good news that

there is a new taskforce which has been formed in California in

San Francisco, which is supposed to make it easier for Chinese investors to invest in infrastructure in the United States. There is bidding going on where Chinese railway companies are trying to win the bid to build fast train systems in California.

So there are promising signs.

But given the enormous destruction of the infrastructure, both through attrition – because all of this infrastructure in the United States, much of it is more than 100 years old – so it's decrepit already all by itself. But then you had the hurricanes in Florida, Texas, Puerto Rico; and now you have the

wildfires in California. So, there is a gigantic requirement. We want China to invest in infrastructure in the United States as

part of the Belt and Road Initiative. On the other side, we want

American firms to be involved in the many, many projects of the

Belt and Road Initiative in Asia, Africa, and Latin America.

That must somehow be more on top of the agenda. We are right now mobilizing, mostly in the United States, but also elsewhere, that when President Trump makes this long-awaited and extremely important strategic trip of a state visit to China in the context of his Asia tour, we wish very much that the Belt and Road Initiative is formalized. I think that there are absolute potentials that this could occur. If it occurs, we really are over the hump of the danger of war; that is my deepest belief. Because the "win-win" cooperation of the New Silk Road offers a new model not only of relations among nations in general, but especially one big component has been the proposal by China to set up a new model of major power relations. If there would be such a transformation, I think the world would really enter a new era of cooperation in the mutual benefit to end geopolitical games, to end for sure the policies of the Bush and Obama administrations of interventionist wars for regime change, of color revolution. You would replace that with a system of sovereign nations working together for their mutual benefit. So, if we can all work together to accomplish that, and I appeal to all listeners and viewers of this program to help us; because the mainstream media are still not reporting the extraordinary importance of this new dynamic. Therefore, it is not generally known enough, but I think this must be changed in the next three weeks. So, I'm really asking all of you to help to spread the message.

OGDEN: So, as you just heard, that was a direct appeal from Helga LaRouche to all of the viewers, asking you directly to help spread the message. She said, I appeal to all listeners and viewers to realize the extraordinary importance of the next three weeks. This, in fact, could be the beginning of an entirely new era in terms of international politics and policy; that's this kind of watershed moment. Now, the question of what has prevented these positive inclinations from coming to fruition up to this point, and what must be defeated if we are to allow these positive inclinations of the Trump Presidency to take precedence; that's the issue which Helga LaRouche took up next. I'd like to just play this clip for you here.

ZEPP-LAROUCHE: I actually would like to talk about the battle inside the United States first, because there is right now, as you say, an attempt to prevent Trump from having a positive relationship with China and with Russia. Now the famous Russia-gate is about to be put where it should have been from the beginning – in the trash can. Namely, there is no evidence. There was a statement by Senator Burr and one other Senator, who said they investigated all the accusations about collusion between the Trump administration and Russia and they could find nothing. But there is still reason, they say, to assume that there is Russian collusion because the intelligence agencies are saying so. Now this is an incredible story, and we have

produced

a dossier about who is the apparatus behind the effort to impeach

Trump or have a coup against Trump; namely, it is all centered around Special Counsel Robert Mueller. This dossier is an absolute bombshell, because it establishes without any doubt that

the same people and the same apparatus which went after my husband Lyndon LaRouche in the '80s and after that, is the same

apparatus which covered up the Saudi role in 9/11, and which is

now organizing with the British Intelligence to set up a fake story against President Trump. This is a huge battle. There is

some fight, for example, Senator Grassley and Congressman Nunes

both in their respective committees, pointed to the fact that there is collusion, yes; but not with the Russians, but with British Intelligence. Senator Grassley made a big point that the

so-called "evidence" of Comey and Mueller about Russian cooperation is actually centered around this firm GPS Fusion, which hired the former MI-6 agent Christopher Steele who produced

this infamous so-called dodgy dossier about Trump.

Now, Senator Grassley made the point that the FBI was not investigating this on its own, but they took material from British Intelligence as evidence. So, this is an unbelievable story, and it is at this point very unclear which side will come

out on top. But it is the opposite of the way it is being portrayed; namely, it's those people who are going after Trump who are the ones who are the ones who should be investigated, and

in the case they're found guilty, put on trial. So that is really what is going on, and the aim is to make with Trump –

you

remember this picture in {Gulliver's Travels}, where Gulliver was

tied with so many little ropes and so forth that he couldn't move. Obviously the whole idea of the campaign against Trump is,

that he is so busy defending himself, that he doesn't get to his

actual agenda. So this is the battle on which the existence of

the United States depends, and by implication the rest of the world, given the strategic importance of the United States.

OGDEN: So that video is available in full; there's a link to it on the LaRouche PAC website, so you can watch Helga LaRouche's full strategic webcast from yesterday. As I said, this is a new regular feature that she will be engaged in. What

you just heard Helga LaRouche talk about was this bombshell dossier which has been issued by LaRouche PAC, and is already being circulated quite widely in the United States; although we

have the responsibility to circulate far, far more widely over the coming days. But it's been circulated in the US Congress, among very relevant Congressional committees; it's being circulated in various cities across the United States. We're encouraging you to access the digital version of this pamphlet online. I'm going to put an image here on the screen for you of

the cover of that pamphlet [Fig. 1]; you'll see it right here. This is "Robert Mueller Is an Amoral Illegal Assassin: He Will Do

His Job if You Let Him". As it says on the back cover [Fig. 2],

"Robert Mueller has played a central role in three of the most shameful chapters of our nation's recent history: the frame-up

of Lyndon LaRouche; the cover-up of September 11th; the set-up of

President Trump. This dossier exposes the story of deceit that has been perpetrated against the American people for far too long. Read the contents of this report, and help us to stop the

attempted coup now being run against the US Presidency.” So, again, that’s available on the LaRouche PAC website – <http://lpac.co/ytdos> – the link is available on the screen there.

Now, I’m going to show you one snapshot from the inside of this pamphlet, this is the next image [Fig. 3]. And this actually gives you a sense of not just the mechanisms of this kind of apparatus and how it is utilized to try to suppress certain tendencies in US policy, as was just documented by Helga

LaRouche; but it actually gives you the sense of what the true issue at the root of this is, and what links these episodes together going back to Lyndon LaRouche’s fight for a new international economic order and going forward to today around the question of what Trump’s relationship will be to this new international economic order which has emerged. What you’ll see

there on the screen, is a snapshot of 1982. This is another crucial watershed moment in history, comparable in a very real way to where we find ourselves now, although things have advanced

much more since then. But at that period, 1982, which is taken

up in detail by the contents of the dossier, this was a moment in

history where this new international economic order was on the table in very high-level circles, and was central to many of the

historic events of that period. So, you’ll see there on this page, a few pictures of Lyndon LaRouche. On the top left corner,

this is a picture of Lyndon LaRouche meeting with several leading policymakers in India, during a trip that he made to India in 1982. The purpose of this trip was for Lyndon LaRouche to meet with the prime minister of India, Indira Gandhi, which he did in 1982; he did again the following year in 1983. They were discussing exactly the role that India could play in helping this new international economic order to emerge. In fact, Indira Gandhi, when she hosted the Non-Aligned Movement summit in India in 1983, put this on the table as the central principle of the Non-Aligned Movement; the emergence of a new international economic order. Now tragically, Indira Gandhi was assassinated less than one year later.

Now the other aspect of that 1982 period was Lyndon LaRouche's involvement with another head of state. This was Mexican President Jose Lopez-Portillo. There's a picture there also on that page of Lyndon LaRouche and his wife Helga Zepp-LaRouche at a press conference in Mexico City in 1982; directly following a personal meeting that they had with President Jose Lopez-Portillo. What were they discussing? Lyndon LaRouche's policy for a new international economic order.

That was spelled out in detail in a document called "Operation Juarez", and this was a proposal for the debtor countries of Central and South America to use their collective status as debtor countries as a strategic leverage, and to declare a unilateral simultaneous debt moratorium which would cause the reigning IMF and World Bank system to be forced into a new international economic order. That was spelled out in detail in LaRouche's document "Operation Juarez", and in fact, Jose

Lopez-Portillo adopted this as his personal policy. In an appearance at the United Nations General Assembly in the autumn

of that year – 1982 – Jose Lopez-Portillo called for exactly this: a new international economic order. He warned that were this new economic order not to be adopted, the world would be facing a new medieval dark age.

So, you can see just in that snapshot of 1982, that Lyndon LaRouche was central to the policies that were shaping world history, and this was something which really was a battle for the

very soul of economic policy, both in the United States and abroad. Now, at that time, this was the moment in which the legal prosecution against Lyndon LaRouche was ramped up to a level that was unprecedented in our republic's history. This was

something that former Attorney General Ramsey Clark personally said, that he had not ever witnessed this kind of government campaign against a private US individual in his entire career or

elsewhere. So, it was this question, however, this fight for a

new international economic order.

Now, we are 35 years later, and we've fast-forwarded from 1982 to 2017. Look at how the world has changed; look at the fact that the world's leading most-populous country on the planet, China, has adopted the New Silk Road policy, the new international economic order which Lyndon and Helga LaRouche have

fought for, for so long. This is the defining question of history: What will our relationship, as the United States, be to

this emerging new dynamic as it's taken its form? This is the question for President Donald Trump. As we approach this historic visit, this historic summit between Trump and President

Xi Jinping, this state visit to China, we have 21 days as we count down between now and three weeks from now when President Trump departs for this trip. In a very real way, it will be the activities of the intellectual leadership of this country, among those of you who are watching this broadcast, to educate our fellow Americans and to ensure that the positive proclivities of this administration are allowed to be fulfilled and are allowed to take their culmination in President Trump having a very positive and constructive meeting with President Xi Jinping; and announcing for the world to hear, that the United States is done with the failed British geopolitics of the past. It has only led to failed states, regime change, and perpetual war. The era of the future is "win-win" relations, great projects in the image of the New Silk Road, and a great power relationship between the United States, China, and Russia; and as Lyndon LaRouche has called for, India as well. These four great powers can revisit what President Franklin Roosevelt intended to shape the world into following World War II; as he was intending to take the New Deal of the United States, the American System, and bring it to the countries of the world – including the former colonial countries – to develop them and to bring an end to British imperial geopolitics once and for all. So that job has come down to us, and we must shoulder the responsibility to make the fullest out of this next 21 days as we

count down to what could be a watershed historic moment for the history of the world. So, thank you very much for joining us here today. Please stay tuned over the next 21 days, as we proceed through this very important period in history. Thank you and good night.
