EIR: Hello. We're reporting from the Big Science Business Forum 2018 in Copenhagen, Denmark. I'm very happy that Dr. Luo DeLong, who is China's director for the International Thermonuclear Experimental Reactor (ITER China), has been kind enough to speak to us about the Chinese fusion energy program. Dr. Luo, could you say something about China's involvement generally, why China thinks it's important to develop fusion energy, and also, about China's involvement in the ITER project, and any other projects?...
